

EAGLE LEASING

22536 Laureldale Drive

Lutz, FL 33549

(813) 428 – 5133 email: leem1008@aol.com

Leasing is one of the most flexible methods of equipment financing. Every lease/financing agreement is a combination of terms, conditions and services tailored to the exact requirements of each company. However, the basic concepts are quite simple. While the equipment is under the contract, you enjoy the unrestricted use of the machinery and the advantage of 100% financing.

To put the **Eagle Leasing** plan to work is truly a simple matter. You select the equipment and the supplier. We purchase the equipment for you and pass all manufacturers guarantees and warranties to you in the same manner as if you had purchased the equipment outright.

ADVANTAGES OF LEASING / FINANCING

100% Financing is usually available

Bank lines are left available for other requirements

Allows the asset to be paid for as it generates revenue

Soft costs may be included (Freight & Software Etc)

The people at **EAGLE** have over 35 years of financial experience offering Personalized service to their clients.

Nationwide Service
